How to activate Liquid Notes

Liquid Notes comes with a license manager that handles trial period and activation. After you have purchased a license, you may wish to activate Liquid Notes. Note that this requires an Internet connection. If you instead wish to *activate offline*, find the necessary steps in this article - <http://re-compose.desk.com/customer/portal/articles/881164-is-it-possible-to-activate-liquid-notes-offline->.

Please follow these steps for *online activation* with an Internet connection:

1. Open Liquid Notes.
2. (Trial not expired) Select "?" from the main menu and click on "Launch License Manager".

(Trial expired) In order to launch the License Manager, select "Enter license" in the error message pop-up shown after starting Liquid Notes.
3. (In License Manager) Make sure tab "Internet activate" is selected, enter your license code in field "License Number" and click on "Activate".

This will activate Liquid Notes. You should now be able to use it for an unlimited time!
